

# TI LAMUSSE

FOR TEU NATIONAL PRESIDENT-TIRITI

## About Ti

Ti is a lecturer in Criminology at Victoria University. Ti has been a leader in community organising for over a decade. Ti knows what it takes to get organised and win better conditions, better pay, and a better tertiary education system

### **I will build a fighting union that's more democratic and transparent**

I will prioritise the development of delegates, to empower workers and hand decision-making back to members.

### **I will fight for increased tertiary education funding**

Using my decade of experience in community organising, I will build a national campaign to increase funding to our sector.

### **I will fight for precarious workers**

People on insecure contracts do crucial work in our sector. I will help precarious workers to get organised and win better conditions.

### **I will fight for every job**

Our sector has faced far too many job cuts. I will fight for every job.

### **I will fight for a living wage**

No one should be paid poverty wages. I will help build a grassroots campaign to win a living wage.
